

# CAPITAL IMPROVEMENT FUNDS

The Capital Improvement Funds consist of two funds: The Capital Improvement Fund and the Gas Tax Fund. These funds provide the resources for the governmental Capital Improvement Projects. Capital Improvement is generally defined as a major project whose duration does not necessarily correlate to a fiscal year and that provides major new public facilities and services.

Due to the size of the Capital Improvement projects, they are presented on a ten year plan basis so as to match our future revenue with future expenditures. However, **THE COUNCIL ONLY APPROVES THE 2008-09 BUDGET**, with the remaining projects being formally considered again by Council in ensuing years. Their inclusion in this budget is for informational and planning purposes so that Council may also take into consideration the needs in future years.

This Capital Improvement Program includes funding for a variety of city projects from Americans with Disabilities Act (ADA) Facility Modifications to the new City Services Interface and Corrugated Metal Pipe (CMP) Replacements. Park project funding totals \$57.6 million over ten years. Another project for renovating existing branch libraries sets aside \$450,000 per year. In addition, there are numerous street and traffic infrastructure related projects.

In fiscal year 2001-02, the City began establishing a contingency for unanticipated project needs. This contingency is set at \$400,000 a year for the next nine years. The history of the reserves of the CIP funds since the mid 1980's is listed on the following page.

## **CAPITAL IMPROVEMENT FUNDS**

	<u>Reserves</u>	<u>Budget</u>
1983 - 84	\$ 23,371	\$ 10,957
1984 - 85	24,501	15,717
