NOTICE OF PREPARATION

To: Interested Parties

From: Sanitation Districts of Los Angeles County, Planning Section, 1955 Workman Mill Road, Whittier, CA 90601

Subject: Notice to Prepare a Draft Environmental Impact Report

Project Title: Scholl Canyon Landfill Expansion Project (proposed project)

Project Applicant: City of Glendale- Public Works Department and Sanitation Districts

Lead Agency: The Sanitation Districts of Los Angeles County (Sanitation Districts), acting on behalf of the City of Glendale – the Lead Agency, will serve as the primary project contact and will be responsible for the preparation of the Draft Environmental Impact Report (EIR) pursuant to the California Environmental Quality Act (CEQA). Therefore, the Sanitation Districts has prepared this NOP for the purpose of identifying environmental issues to be further analyzed in the Scholl Canyon Landfill (SCLF) Expansion Project EIR.

Project Location: The project is located at 3001 Scholl Canyon Road, Glendale, California, 91206. Public access is only from Scholl Canyon Road (north of the SR 134 at the Figueroa Street exit).

Project Description: The Sanitation Districts has identified two variations for the proposed project, which include a vertical expansion only (Variation 1) and a vertical and horizontal expansion (Variation 2). Variation 1 will provide approximately 11 million cubic yards (or five million tons) of additional capacity and will extend the life of the landfill by 12 years (based on current disposal rates at the site). Variation 2 will provide approximately 14 million cubic yards (or six million tons) of additional capacity and will extend the life of the landfill by 15 years (based on current disposal rates at the site). The proposed project will increase fill capacity for the continued operation of the project site and increase the life of the landfill to ensure long-term disposal for the wasteshed. Neither variation would change current operations at the SCLF. The SCLF would continue to be permitted to receive 3,400 tons per day of non-hazardous solid waste, and all resource and material recovery programs will continue to be implemented.

Public Review: The NOP/Initial Study (IS) for the EIR is available for review at the following locations: 1) Sanitation Districts of Los Angeles County, 1955 Workman Mill Road, Whittier, CA 90601; 2) City of Glendale Planning Department, 633 E. Broadway, Room 103, Glendale, CA 91206; and 3) Glendale Central Library, 222 E. Harvard St., Glendale, CA 91205. The documents can also be accessed on the Sanitation Districts website (www.lacsd.org) and the City of Glendale's (www.ci.glendale.ca.us).

There will be a 40-day comment period (December 5, 2007 - January 14, 2008) for the NOP/IS. Your comments should be sent at the earliest possible date, but no later than January 14, 2008. Please send your written comments to the Sanitation Districts (Attention: Mr. Ziad El Jack) at the address shown above. Any comments provided should identify specific environmental concerns related to the proposed project. Please also provide the name and phone number for a contact person. Questions/inquiries regarding the NOP/IS or the proposed project should be directed to Mr. El Jack at (562) 908-4288 ext. 2764 or by email at zeljack@lacsd.org.

Agency Scoping Meeting: An EIR Agency Scoping meeting will be held on December 17, 2007 at 1:30 P.M. to 3:00 P.M. in the Municipal Services Building, 633 E. Broadway, Room 105 and 106, Glendale, CA 91206. If you are a Responsible or Trustee Agency, the Sanitation Districts are soliciting written comments as to the scope and content of the environmental information that may be

relevant to your agency's responsibilities in connection with the proposed project.

Public Meeting: A public information meeting for the proposed project EIR will be held on December 17, 2007 at 6:30 p.m. to 8:00 p.m. in the Municipal Services Building, 633 E. Broadway, Room 105 and 106, Glendale, California 91206. We encourage members of the public to attend the information meeting to find out more about the proposed project and provide comments.
