Note: The public notice sign is to be posted in a location that is clearly visible and readable from the street consistent with the Community Development Department instructions provided for installing the sign structure. If necessary, a three-foot x four-foot sign shall be posted on both sides of the sign board structure. The sign shall provide the new DRB meeting date of March 27, 2014. Contact staff if you have questions about the sign location. Staff will require that the architect or contractor clearly show property lines and public right-of-way lines to help determine the sign location if there are questions.
