**RE: 1827-1829 SOUTH BRAND BOULEVARD  
CONDITIONAL USE PERMIT CASE NO. PCUP 1204734**

(see: PPUP1204737)

Dear Mr. Khan:

On September 12, 2012, the Planning Hearing Officer conducted and closed a public hearing, pursuant to the provisions of the Glendale Municipal Code, Chapter 30.42, regarding your application for a Conditional Use Permit to allow for on-site sales and consumption of alcoholic beverages at the restaurant at **1827-1829 South Brand Boulevard**, described as Portions of Lots 7 and 8, Tract No. 987, in the SFMU (Commercial/Residential Mixed Use) Zone, in the City of Glendale, County of Los Angeles.

**Applicant's Proposal:** A conditional use permit to allow the on-site sales, service, and consumption of alcoholic beverages at a new full-service restaurant with outdoor dining

**Code Requires:** Approval of a conditional use permit is required for the on-site sale and consumption of alcoholic beverages in the SFMU Zone (GMC Sec. 30.12.020, Table 30.12-A).

**CEQA Status:** Exempt

**REQUIRED/MANDATED FINDINGS**

After thorough consideration of the statements contained in the application, the plans submitted, the report by the Planning Division staff, and the statements made at the public hearing with respect to this application, the Planning Hearing Officer has **GRANTED WITH CONDITIONS** your application based on the following:

- A. **The proposed expansion of the existing use to expand and continue the sale and consumption of alcohol will be consistent with the various elements and objectives of the General Plan.**

The sales, service and consumption of alcoholic beverages at the proposed full-service restaurant will be consistent with the elements and objectives of the General Plan. The land use designation of the site is Community/Services Commercial, which permits a variety of uses at a larger market scale. Restaurants are a permitted use in the SFMU zone and serving alcoholic beverages in conjunction with bona fide food service is a common ancillary use for restaurants. The project is consistent with the Circulation Element in that it minimizes traffic in residential neighborhoods. Since the conditional use permit application only requests the

sales, service and consumption of alcoholic beverages at a restaurant, other elements of the general plan, including the Open Space, Recreation and Housing Elements, will not be impacted as a result of the project.

**B. The use and its associated structures and facilities will not be detrimental to the public health or safety, the general welfare, or the environment.**

The proposed on-site consumption of alcoholic beverages at the proposed restaurant will not be detrimental to the safety and public welfare of the neighborhood in general. While the area contains more on-sale establishments than is suggested for the census tract, the project's commercial location is appropriate for restaurants. Customarily, restaurants serve alcoholic beverages as part of their food service and this request is a reasonable extension of the main use. While this area has more crime than in other areas of the City, the nearby streets of Brand Boulevard and San Fernando Road are heavily commercial which may partially explain the higher crime rate. Full-service restaurants, which serve alcoholic beverages, typically do not generate significant crime as a result of their operation. The Police Department and Neighborhood Services Division did not cite concerns related to this conditional use permit. Given the proximity of the residential units and the fact that the surrounding neighborhood is not downtown Glendale or other commercial area with significant nighttime activity, a condition of approval will be added that the restaurant shall close at 1:00 am. Thursday through Sunday and midnight on Monday through Wednesday so that the use will not be detrimental to the public health and general welfare.

The restaurant will be located in southern Glendale near the intersection of Brand Boulevard and San Fernando Road. There are no known churches or libraries nearby. Glendale Memorial Hospital is over 1,000 feet away. Cerritos School and Park are located within 500 feet of the subject site. However, because the nature of the full-service restaurant and its location across the Brand Boulevard/San Fernando Road intersection, the school and park should not be adversely impacted by the project. The adult day care facility will continue to operate on the site of the proposed restaurant but their hours of operation will not overlap. Therefore, the project will not negatively impact the existing on-site day care facility.

**C. The use and facilities will not adversely affect or conflict with adjacent uses or impede the normal development of surrounding property provided that the conditions of approval are followed.**

The on-site consumption of alcoholic beverages at the proposed restaurant will not adversely affect or conflict with adjacent uses as conditioned and will serve a public convenience purpose for the area. The project will not impede the normal development within the surrounding area, since the area is already fully developed and should not impede in any redevelopment of this area, given the proposed conditional use permit only requests alcohol service at a restaurant. Commercial uses should not be affected as restaurants are a common and anticipated use in such areas.

The multi-family residential uses located south and southwest of the site should not be adversely impacted as a result of the project, given the restrictions on the restaurant's hours of operation.

**D. Adequate public and private facilities such as utilities, landscaping, parking spaces and traffic circulation measures are provided for the use.**

The applicant's request to serve alcoholic beverages at the proposed restaurant will not result in inadequate public or private facilities. The project site is already developed. No significant changes are proposed to the footprints of the buildings or to their exterior appearance. The change of use to a full service restaurant allowing alcohol sales and service should not result in a significant increase in utility use. Brand Boulevard is identified as a major arterial and Gardena Avenue is identified as a local street in the city's Circulation Element and this street can adequately handle the traffic circulation adjacent to the site. With the separate approval of the parking use permit application (PPUP 1204737), allowing off-site parking at the Larry Zarian Transportation Center (400 West Cerritos Avenue), the proposed use will provide the minimum number of parking spaces required by the City's parking regulations.

**E. That all the criteria set forth in Section 30.42.030 (E) to be considered in making the findings in subsection A. through D. above have all been met and thoroughly considered:**

- 1) That such use does not or will not tend to intensify or otherwise contribute to the adverse impacts on the surrounding area caused by over concentration as described above in finding B.
- 2) That such use does not or will not tend to encourage or intensify crime within the district as described above in finding B.
- 3) That such use does not or will not adversely impact any other uses within the surrounding area (church, public or private schools or college, day care facility, public park, library, hospital or residential use) as described above in finding C.
- 4) That the proposed use satisfies its transportation or parking needs as described above in finding D.
- 5) That the proposed use does or will serve a public necessity or public convenience purpose for the area as evidenced by the continued operation of this restaurant with alcoholic beverage on-site sales, service and consumption as described above in finding A.

**SUMMARY OF PLANNING HEARING OFFICER'S DECISION**
