

ADOPTED BUDGET 2015-16

CITY OF GLENDALE

GLOSSARY OF TERMS

Accrual Basis of Accounting

Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Expenses emphasize the matching of the obligation to disburse economic resources (cash and all other assets causing a change in net assets) to the period in which the obligation was incurred by the City. This accounting basis is generally used in order to conform to the Generally Accepted Accounting Principles (GAAP).

Adopted Budget

The City Council approved annual budget establishing the legal authority for the expenditure of funds as set forth in the adopted Council budget resolution.

Appropriation

An authorization by the City Council to make expenditures/expenses and to incur obligations for a specific purpose within a specific time frame.

The three basis of accounting for governmental agencies are: (1) Cash Basis – when cash is received or paid; (2) Accrual Basis – when the underlying transaction or event takes place; (3) Modified Accrual Basis – revenues are recognized

in the accounting period in which they become available and expenditures are recognized in the accounting period in which the fund liability occurred. Glendale uses the Modified Accrual Basis for Governmental Funds and Accrual Basis for Proprietary Funds.

Basis of Budgeting

Refers to the method used for recognizing revenues and expenditures in the budget. Glendale's basis of budgeting is the same as their basis of accounting.

A written promise to pay a specific sum of principal amount, at a specified date(s) in the future, together with periodic interest at a special rate.

Bond Proceeds

Funds received from the sale or issuance of bonds.

Bonded Debt

The amount at which a bond or note is bought or sold above its par value, or face value, without including accrued interest.
