COMMUNITY DEVELOPMENT

CITY OF GLENDALE

COMMUNITY DEVELOPMENT

MISSION STATEMENT

Through ongoing dialogue with the community, the Community Development Department (CDD) captures the community's vision for its future quality of life and translates it into a well-coordinated, internally consistent, and streamlined work program, according to the mission of the City Council.

DEPARTMENT DESCRIPTION

CDD is comprised of eight divisions:

- **Administration:** Carries out the administrative, customer service, human resources, budgetary, financial, legislative, grant, office and records management functions for all operational divisions within CDD, including receiving and dispatching all public service requests citywide.
- **Building & Safety:** Key components of B&S operations include building plan review/engineering, inspections and operating the Permit Services Center, a one-stop-shop for City permits.
- **Concierge Services:** Ensures expedited review and permitting for major development projects with an emphasis on customer service.
- **Economic Development:** Assists and supports the City of Glendale in the expansion of job opportunities, stimulation of economic development, growth in the physical improvement of the city and development activities through its Business Attraction, Assistance, Retention and Expansion Programs and Asset Management function.
- **Housing:** Provides rental assistance, development assistance and preservation of affordable housing for low and moderate income households, seniors and veterans.
- **Neighborhood Services:** Key operations include code compliance, licensing and graffiti removal.
- **Planning:** Conducts long-range (20 years out) community planning, and current planning (implementation of the City's Zoning Code).
- **Urban Design & Mobility:** Combines design, preservation, mobility planning, community engagement, transit operations and transportation programs that promote environmental stewardship.

The following section provides more detail of the functions of each Division:

The **Administration Division** is responsible for the administrative, customer service, human resources, budgetary, financial, legislative, grant, office and records management functions for all operational divisions within CDD. This Division prepares and manages the budget, and financial and personnel transactions. The Administration Division also conducts research, analysis and legislative review; manages grants; assists with strategic planning efforts;

CITY OF GLENDALE COMMUNITY DEVELOPMENT

coordinates special projects; and implements technology improvements aimed at increasing operational efficiency. This Division also operates a centralized customer service function for the City, taking in, prioritizing, dispatching and monitoring service requests received from residents via public counters, mail, phone, internet and mobile application. Lastly, Administration Division staff is charged with winding down the activities of the former Redevelopment Agency, including preparing annual Recognized Obligation Payment Schedules and providing staff support to the Oversight Board.

The ***Building & Safety Division*** reviews and approves all new building construction, remodels and changes the use of existing buildings. This Division performs all private property construction inspections, receives and processes permit applications, enforces all construction related codes as mandated by the State, and provides damage assessment for habitability as a result of fire, earthquake, flood or landslide. This Division assesses appropriate fees for: 1) sewer usage, 2) Glendale Unified School District development, 3) parks and libraries impact, 4) construction and demolition recycling, 5) Green Building Code, and 6) Urban Art. This Division is responsible for maintaining all permit records and commercial or multi-family dwelling construction documents for properties within the city's boundaries and provides those records as requested through the California Public Records Act. Lastly, this Division serves as staff support to the Building and Fire Board of Appeals.

The ***Concierge Services*** team is part of the City's effort to provide business-friendly economic development programming whereby every City of Glendale department supports the business community and has economic development priorities woven into their performance goals. In CDD, this includes streamlined internal systems to eliminate red tape and inefficiencies, and to provide concierge services in order to expedite review and permitting for major development projects with an emphasis on customer service.

The ***Economic Development Division*** coordinates citywide business attraction, retention, expansion and assistance activities and centralizes management of the City's real estate assets. It assists City Council to implement economic development priorities in order to stimulate job growth, economic activity and physical improvements within the City.

The ***Housing Division*** develops and preserves affordable housing opportunities for people of low and moderate income. This Division administers three sources of funds: 1) Federal Section 8 Housing Choice Voucher for rental assistance, 2) Federal HOME, and 3) Low & Moderate Income Housing Asset Funds following dissolution of the Redevelopment Agency. Lastly, this Division provides staff support to the Housing Authority.

The ***Neighborhood Services Division*** is responsible for the care and maintenance of neighborhoods and the built community after construction is completed. These efforts are carried out through the enforcement of codes, education and involvement of residents, maintenance of rights-of-way and the monitoring of permits and licenses. Responsibilities of this Division include enforcement of property maintenance and housing standards, issuance of licenses, education of residents and other stakeholders, investigating complaints of illegal construction or occupation, bulky-item pick up from public, rights of way, and graffiti removal.

The ***Planning Division*** provides leadership in defining the community's vision for future development. It ensures that development occurs in an orderly and safe manner that is sensitive to the community, avoids unnecessary impacts to the environment, meets the needs of the

CITY OF GLENDALE

COMMUNITY DEVELOPMENT

public and improves the quality of the built environment. It does this by promoting high quality and well-designed public environments that reflect community values, heritage and progressive design practices. Responsibilities include preparing and updating the General and Specific Plans and processing development applications (variances, conditional use permits, subdivisions, design review, environmental review, etc.) to ensure they are in compliance with regulatory codes.

The ***Urban Design & Mobility Division*** combines design review, historic preservation and comprehensive planning with mobility policies and programs under the umbrella of urban design to promote a diverse range of transportation choices and excellent architecture. The Design & Preservation Section establishes a framework that allows the city to develop, grow, and prosper without erasing the heritage that helps define Glendale and its people. Design & Preservation staff create and enforce the City's design policies, guidelines and historic preservation programs. They provide design advice to applicants, City Departments, Boards/Commissions and City Council. The Transit and Mobility Planning Section provides an efficient and safe transportation system for residents, businesses and visitors alike. It is responsible for the operation of the Beeline Transit System and Dial-A-Ride Program and for coordinating transit-related projects, marketing the transit system and vehicular trip reduction programs. It promotes walking, bicycling, transit and automobile travel equally by designing integrated multi-modal transportation systems. In addition, this Section partners with community organizations to encourage and plan for environmentally sound commuting options and shared rides. The Community Engagement Section utilizes various communication tools and participatory multi-media design techniques to educate and engage community members in guiding the future of Glendale.

RELATIONSHIP TO STRATEGIC GOALS

Exceptional Customer Service

CDD is committed to providing exceptional customer service centered on the principles of speed, quality, consistency and customer satisfaction through the delivery of seamless service to every customer. CDD demonstrates this goal by operating a centralized customer service function for the City by taking in, prioritizing, dispatching and monitoring service requests received from residents via public counters, mail, phone, internet and mobile applications. CDD operates an advanced customer service system in its Permit Services Center (PSC) including online appointment scheduling designed to make visits to the PSC quicker and more convenient, an electronic customer flow management system, streamlined applications and forms. The PSC also provides an online property portal which allows individuals to remotely access key property information such as site zoning and building permit history. Remote, online technology is also being implemented in field inspection operations to expedite inspections.

CDD further provides exceptional customer service through its Concierge Services and Business Assistance teams which ensure expedited review and permitting for major development projects and provide personal assistance to nearly 1,500 local businesses for City services. It also serves as a direct liaison to Glendale's business and neighborhood districts including Montrose, Downtown Glendale, Brand Boulevard of Cars, Adams Square, Sparr Heights, and Kenneth Village. CDD staff also work to provide accurate and timely notification to interested residents, neighbors, and the general public with mailed notices, website updates, and posting of signs.

CITY OF GLENDALE

COMMUNITY DEVELOPMENT

The transportation services CDD provides continue to receive high marks from Glendale's ridership based on surveys conducted. The highest rated items are cleanliness, comfort, safety and ease of understanding information.

Informed & Engaged Community

CDD works with community members and groups including local chambers of commerce, homeowners' associations and schools to inform the community on development issues and news. Information is communicated to residents via the CDD website, electronic newsletter, social media feeds, community meetings and events. The outreach team utilizes unique methods to engage the community and provides a means for the community to stay informed and participate in guiding the future of Glendale. They also collect data so that they can strategically focus on outreach methods that are most effective.

CDD develops appropriate policies, guidelines and procedures necessary to ensure predictable development that is of high quality and reflective of community character. Staff works with various Boards and Commissions for public inclusion in the planning process to ensure that general plans, community plans, zoning and design guidelines reflect community character and include effective land use policies. CDD's design review process enables neighborhood involvement in development, including accurate and timely notification to neighbors and posting of signs and notification to neighborhood homeowners' associations of development projects. It also regularly holds public forums, workshops and meetings associated with planning and preservation efforts to engage the community, and it advises applicants on planning and building policies to ensure a predictable, open and transparent entitlement review process.

CDD works on comprehensive planning policies (such as the North Glendale Community Plan, South Glendale Community Plan, and Citywide Design Guidelines) which include input from the community in order to capture the vision of all those who live, work and recreate in Glendale.

CDD provides outreach regarding common code violations, the City's smoking restrictions and preservation programs; the latter includes educational resources and information related to the City's development history and heritage.

CDD invests in both public and private projects that help foster a strong sense of community through the creation of public gathering places, community centers, cultural venues, improved pedestrian areas and diverse housing options. CDD provides guidance and assistance to private development to encourage well-planned, physically and economically positive projects. These efforts result in a higher quality of life for Glendale residents, visitors and businesses.

Safe & Healthy Community

Through its housing, plan check, inspection, graffiti removal and code compliance programs, CDD works to ensure that buildings and infrastructure are safe, free of blight, and that residents feel safe and secure in their neighborhoods.

Through its code enforcement program, CDD ensures housing, development and other activities are safe for the public. It also works with the engineering team of the Public Works Department to continue to implement the Downtown Mobility Study, which promotes greater use of public transit, more walking and a healthier environment. Further, CDD is developing pedestrian and

CITY OF GLENDALE COMMUNITY DEVELOPMENT

bicycle safety policies, infrastructure and programs. Lastly, CDD implements the City's "Fresh Air" ordinance, limiting the exposure by residents to toxic second-hand smoke in public spaces and in multi-family rental housing buildings.

Economic Vibrancy

CDD promotes economic vibrancy in Glendale by attracting, retaining, expanding and assisting Glendale businesses. It focuses on an "18-hour city" strategy to activate the city and its economic activity from morning until late at night. Such activity results in a vibrant city for those who live, work and recreate in Glendale and it promotes financial success for businesses. CDD also works with Council to proactively identify and implement economic development projects to benefit the City, such as the implementation of a Tech Cluster Strategic Plan and the attraction of craft brewers. These efforts are implemented using a variety of public relations strategies, including development of promotional material, attendance at conferences, aggressive use of social media and relationship-building with key stakeholders and influencers.

CDD's Concierge Services and Business Assistance teams are part of the City's effort to provide business-friendly economic development programming whereby every City department supports the business community and has economic development priorities woven into their performance goals. In CDD, this includes Concierge Services which provide streamlined internal systems to eliminate red tape and inefficiencies within the development plan check and permitting process, and which provide additionally expedited review and permitting for major development projects with an emphasis on customer service. The Business Assistance team provides one-on-one assistance to businesses to help them resolve obstacles to their operations. For example, the filming function of Business Assistance provides concierge service to production companies applying for filming permits in Glendale and further works to attract production companies to Glendale which in turn will contribute to the local economy.

CDD's planning; design, code compliance and graffiti removal programs make Glendale an attractive, functional and safe environment which draws businesses, residents and visitors to Glendale. CDD directly assists the business community by transmitting thorough and accurate information to existing and potential new businesses, in addition to processing necessary applications expeditiously. CDD focuses on long-range planning and urban design efforts that are community-specific and support local businesses and economic growth.

Glendale's past redevelopment efforts have positioned the community for new private investment which will continue revitalization from the private sector. CDD is responsible for facilitating this growth and ensuring it is done responsibly and is consistent with the community's vision, goals and objectives.

Balanced, Quality Housing

CDD continues to maintain a certified Housing Element to maintain Glendale's eligibility for State funding for housing and transportation projects. CDD monitors compliance with the provisions of SB 375 (Sustainable Communities and Climate Protection Act of 2008) and submittal of annual reports to the State Department of Housing and Community Development as required by State law. In addition, CDD continues to play a key role in housing production by reviewing all housing and construction plans and construction to ensure Building Code and Zoning Code compliance, processing design review applications and, as needed, other

CITY OF GLENDALE

COMMUNITY DEVELOPMENT

discretionary permits. CDD provides individualized guidance to enable property owners to successfully navigate the design review process. In order to maintain safe housing, CDD inspects rental units for compliance with health and safety standards and processes code compliance cases. Since Glendale is largely a “built-out” city, a critical component of the Housing Element is the required maintenance and preservation of the existing housing stock, which CDD monitors and inspects.

Glendale prides itself on the variety of housing options it offers to its residents, which is accomplished by the development of both market rate and affordable housing in appropriate residential areas. CDD initiates and completes affordable housing projects with affordable housing funds and works directly with non-profit and private developers, non-profit agencies, multi-family property owners, residents and other stakeholders to achieve this goal.

Community Services & Facilities

CDD continues to collaborate with the Community Services & Parks Department to create opportunities to enhance parks and open space, including streetscape, and to provide professional, peer review and design assistance for the renovation and construction of community facilities throughout the City. Recently, CDD worked with multiple City Departments to fund improvements for the Central Library which is slated for completion in 2017.

Infrastructure & Mobility

In close partnership with the Public Works Department, CDD continues to implement policy recommendations from the Downtown Mobility Study and to improve pedestrian and bicycle safety. CDD staff identified and successfully attained millions of dollars in grant funding for the City which are being used for pedestrian, cyclist and vehicular mobility improvements; parking signage improvements, safety programming, and updating the City’s Transportation Model (a computer model that predicts transportation impacts based on land use activity and is used for future land use planning and environmental review of development projects). CDD is conducting a feasibility study to cap and create a park and transportation hub over the 134 Freeway between Central Avenue and Glendale Avenue in downtown Glendale. CDD also provides the City with strategic transportation planning, transit (bus) and paratransit services (e.g., Dial-a-Ride transportation service for the disabled and elderly). Through staff efforts, CDD is able to obtain, manage and execute funds which are often routed to other Departments for the implementation of capital improvement projects.

Arts & Culture

CDD promotes the arts through implementation of the Downtown Art & Entertainment (A&E) District and through community programs. CDD promotes Glendale’s rich culture by making significant efforts to reach out to all sectors of the community so all voices can be heard, and ensuring Glendale continues to be a culturally vibrant place.

CDD oversees two Arts & Culture facilities in the A&E District, the Alex Theatre and the Museum of Neon Art (MONA). The Alex Theatre, which was recently renovated and expanded to be able to accommodate larger productions, is a historic and regional performing arts venue and is the northern anchor for the A&E District. It provides a wide variety of high-quality performing arts and community events. MONA is part of the A&E District’s southern anchor, which joins an east-west axis connecting to the Central Library, Adult Recreation Center,

CITY OF GLENDALE COMMUNITY DEVELOPMENT

Central Park Paseo, and the Americana mixed-use entertainment, shopping and residential development. CDD is also coordinating the development of the Laemmle Theatre and Lofts project adjacent to the Alex Theatre.

CDD is currently working with Council to activate Maryland Avenue, a key street within the A&E District, and additionally is conducting a feasibility study for locating the Armenian American Museum and Cultural Center of California in Glendale's Central Park. CDD further promotes art and community awareness by partnering with the Arts & Culture Commission in the "Beyond the Box" program. Artists create utility box murals in neighborhoods and business districts with the help of volunteers recruited from the community. Another CDD project is to install a mural on a freeway underpass at the 134 and 2 freeways in collaboration with a neighboring hospital and the community.

Sustainability

CDD oversees environmental review of development projects. In doing so, staff identifies pertinent environmental issues and works with City Departments, outside agencies and applicants to identify mitigation strategies that reduce and/or eliminate identified impacts.

Through its long-range and mobility planning efforts, CDD promotes environmentally sound initiatives such as transit-oriented development, air pollution reduction programs, mass transit and environmentally responsible building practices.

CDD also works to encourage mixed-use and infill development (both which promote efficient land use) within the community and supports preservation of open space. It does this by incorporating *Greener Glendale Plan* sustainability policies into General Plan documents, such as Community Plans, as they are created and amended.

CDD administers the City's Green Building Code, which includes requirements exceeding the minimum standards set by the California Green Building Code. "Green Building" refers to construction processes and products that are environmentally responsible and resource-efficient. In recent years, all affordable housing projects developed in partnership with CDD exceeded State of California Green Building Standards and many have been certified as "green buildings" by Build It Green (the "Green Point" rating system) or by the United States Green Building Council ("LEED" rating system), which are both non-profit organizations.

Lastly, CDD continues to collaborate with other City Departments on efforts to promote sustainability, including resource conservation, urban greening and environmental health.
