**RE: 2270 HONOLULU AVENUE - SUITE 'A'
CONDITIONAL USE PERMIT NO. PCUP 1707072
(SPA PURA)**

Dear Ms. Williams:

On July 19, 2017 the Planning Hearing Officer conducted and closed a public hearing, pursuant to the provisions of the Glendale Municipal Code, Title 30, Chapter 30.42, on your application for a conditional use permit to continue a massage use within an existing day spa in the "CR" – Commercial Retail Zone, located at **2270 Honolulu Avenue - Suite 'A'**, described as Lot 47 & NW 17 feet of Lot 48, Tract No.1701, in the City of Glendale, County of Los Angeles.

APPLICANT'S PROPOSAL

Conditional Use Permit

- 1) To continue the operation of a massage use within an existing day spa.

CODE REQUIRES

Conditional Use Permit

- 1) A conditional use permit application is required for a massage establishment in the "CR" zone (G.M.C. 30.12.020 B, Table 30.12-A)

ENVIRONMENTAL DETERMINATION

This project is exempt from CEQA review as a Class 1 (Existing Facilities) exemption, pursuant to State CEQA Guidelines Section 15301 because the subject project involves an existing business with no added floor area or modification to the façade.

REQUIRED/MANDATED FINDINGS

After thorough consideration of the statements contained in the application, the plans submitted therewith, the report by the Community Development Department staff thereon, and the statements made at the public hearing with respect to this application, the Planning Hearing Officer has **GRANTED WITH CONDITIONS** your application based on the following:

A. The proposed use will be consistent with the various elements and objectives of the general plan.

The subject day spa with massage services is consistent with the various elements and objectives of the General Plan for the area. The Land Use Element of the Glendale General Plan designates the subject site as Community Services. Personal service land uses, such as a day spa with massage services, generally offer a complementary element to surrounding uses. A massage establishment is a permitted use in the CR – Commercial Retail Zone, subject to the approval of a Conditional Use Permit. The subject site is in a commercial area along Honolulu Avenue, which is identified as an Urban Collector in the Circulation Element. A massage service is a suitable use along an Urban Collector. The subject use shall be required to comply with the City's Noise Ordinance (Chapter 8.36 Noise Control) and, as such, will be consistent with the Noise Element. No other elements of the General Plan, including the Open Space and Recreation and Housing Element will be impacted as a result of the massage service. Therefore, the existing day spa with massage services is in keeping with the various elements and objectives of the General Plan.

B. The use and its associated structures and facilities will not be detrimental to the public health or safety, the general welfare, or the environment.

The applicant's request to continue to operate massage services within an existing day spa in the CR - Commercial Retail Zone is not anticipated to be detrimental to the public health or safety, the general welfare, or the environment, as conditioned. The existing day spa, Spa Pura, has been in operation at this location since 2008. The subject site is located on the south side of Honolulu Avenue in between Market Street and Ocean View Boulevard. The immediate vicinity of the subject site, along Honolulu Avenue, is developed with a variety of commercial uses that includes retail, personal service and restaurant uses. The properties to the south, zoned C3 Commercial Service are developed with City public parking lots. The subject tenant space is located on the western portion of the block along the south side of Honolulu Avenue. Approval of the requested conditional use permit application will not adversely impact nearby uses, nor impede the development of surrounding properties since these properties are already developed. No changes are proposed to the existing on-site building or site plan.

There are no public facilities or hospitals located within the immediate area (500' radius) of the subject site. In addition, there are no private schools or colleges, children's day care facilities or libraries in close proximity to the existing day spa with massage services except a church located approximately 151 feet, southeast of the subject site, next to the alley. While a church exists within the vicinity, it is not anticipated that any negative impacts to this use would occur as a result of the applicant's request to continue operating the existing day spa with massage services. Neither the Glendale Police Department nor Neighborhood Services Code Enforcement Division cited major concerns related to the proposed conditional use permit. The use must comply with all of the provisions set forth in Chapter 5.64 of the Glendale Municipal Code (Massage Establishments); conditions added to the approval of the subject Conditional Use Permit will ensure that the continued operation of the day spa with massage services will continue to operate in a responsible manner. Section 30.64.020 of the Glendale Municipal Code provides for continuing jurisdiction over the use so that any adverse effects will not be allowed.

C. The use and facilities will not adversely affect or conflict with adjacent uses or impede the normal development of surrounding property.

The subject massage services provided within the existing day spa will not adversely affect or conflict with adjacent uses or impede the normal development of surrounding property. No changes are proposed to the existing building as part of the conditional use permit application. There are various types of commercial uses in the surrounding area. Approval of the conditional use permit will not adversely impact nearby uses on this commercial street nor impede the development of surrounding properties since these properties are already developed. The massage service at the existing day spa (Spa Pura) is not anticipated to draw major traffic or create conflicts with the adjacent uses and no substantial evidence was submitted to indicate that the continued operation of the existing use and facilities, a day spa with massage services, would adversely impact existing nearby uses. The existing establishment has been at the present location since 2008. No evidence was submitted nor presented at the public hearing that would indicate that Spa Pura, a day spa with massage services has been or will be a problem in the future.

D. Adequate public and private facilities, such as utilities, parking spaces and traffic circulation measures are provided for the use.

Adequate public and private facilities such as utilities, landscaping and traffic circulation measures are provided for the site and the use. The use has been in operation at its current location since 2008. The project site is already developed and associated facilities are in place. While the property does not have any parking spaces on-site, ample parking is provided in the nearby City public parking lots across the alley from the subject business, to the south. This application does not include any added floor area to the existing building or subject tenant space, so no increase in the parking demand is being created.

APPROVAL of the Conditional Use Permit shall be subject to the following:

1. That the development shall be in substantial accord with the plans submitted with the application and presented at the hearing except for any modifications as may be required to meet specific Code standards or other conditions stipulated herein to the satisfaction of the Planning Hearing Officer.
2. That the business shall fully comply with the provisions in Chapter 5.64 of the Glendale Municipal Code (Massage Establishments), now in effect or as later amended; and Chapter 10.5 of Division 2 of the California Business and Professions Code, Sections 4600 through 4621 (Massage Therapy Act), or any successor legislation.
3. That full access to the premises shall be made available to all City of Glendale representatives, including, but not limited to, personnel from Community Development Department, Neighborhood Services and Code Enforcement Division, Police Department, and Fire Department, and Los Angeles County Department of Health Services representatives, upon request, for the purpose of verifying compliance with all laws, or verifying the conditions of this approval, or both.
4. That all necessary permits (i.e., building, fire, engineering, etc.) shall be obtained from the Building and Safety Division, if required to comply with the said provisions of Chapter 5.64, and all construction shall be in compliance with the Glendale Building Code and all other applicable regulations.

5. That all necessary licenses as required from Federal, State, County or City authorities shall be obtained and kept current at all times.
6. That a Business Registration Certificate shall be obtained to reference this conditional use permit.
7. All employees who perform massage must be California Massage Therapy Council (CAMTC) certified.
8. That the facility shall adhere to the City's Fresh Air (smoking) Ordinance.
9. That the premises shall be maintained in a clean and orderly condition, free of weeds, trash and graffiti.
10. That all signs displayed shall conform to the requirement of the Glendale Municipal Code.
11. That the operating hours of the massage establishment shall be only between the hours of 10:00 a.m. to 10:00 p.m. each day of the week.
12. That the authorization granted herein shall be valid for a period of **FIVE (5) years, until August 2, 2022,** at which time, a reapplication must be made.
