**RE: 1428 EAST COLORADO STREET # B  
CONDITIONAL USE PERMIT NO. PCUP 1708314**

Dear Mr. Li:

On August 16, 2017, the Planning Hearing Officer conducted and closed a public hearing, pursuant to the provisions of the Glendale Municipal Code, Title 30, Chapter 30.42, on your application for a conditional use permit to allow the continued use of a massage establishment in a "C3" – Commercial Services zone, subject to the standards listed in GMC 5.64, located at **1428 East Colorado Street # B**, described as Portion of Lots 11 through 15, Tract No. 8048 and Portion of Lot 1, Tract No. 5718, in the City of Glendale, County of Los Angeles.

CODE REQUIRES

- 1) Approval of a Conditional Use Permit is required for massage establishments in a "C3" – Commercial Services zone.

APPLICANT'S PROPOSAL

- 1) To allow the continued operation of an existing massage establishment.

ENVIRONMENTAL DETERMINATION

The project is exempt from CEQA review as a Class 1 "Existing Facilities" exemption pursuant to State CEQA Guidelines Section 15301. The massage establishment is located within an existing commercial shopping center, and the proposed Conditional Use Permit (CUP) is to allow continued use of this existing business.

**REQUIRED/MANDATED FINDINGS**

After thorough consideration of the statements contained in the application, the plans submitted therewith, the report by the Community Development Department staff thereon, and the statements made at the public hearing with respect to this application, the Planning Hearing Officer has **GRANTED WITH CONDITIONS** your application based on the following:

**A. The proposed use will be consistent with the various elements and objectives of the general plan.**

The proposed use will be consistent with the various elements and objectives of the General Plan for the area. The Land Use Element of the Glendale General Plan designates the subject site as Community Services. Personal service land uses, such as a massage establishment, generally offer a complementary element to surrounding uses. Massage establishments are a permitted use in the C3 – Commercial Services Zone, subject to the approval of a Conditional

Use Permit. The subject site is in a commercial area along Colorado Street (identified as a Major Arterial in the Circulation Element) that is suitable for this type of use. Continued operation of the massage establishment shall be required to comply with the City's Noise Ordinance (Chapter 8.36 Noise Control), and, as such, will be consistent with the Noise Element. No other elements of the General Plan, including the Open Space and Recreation and Housing Element will be impacted as a result of the massage establishment. Therefore, the proposed use is in keeping with the various elements and objectives of the General Plan.

**B. The use and its associated structures and facilities will not be detrimental to the public health or safety, the general welfare, or the environment.**

The use and its associated structures and facilities will not be detrimental to the public health or safety, the general welfare, or the environment. The facility is located on the south side of Colorado Street at the corner of Colorado Street and Langley Street. The immediate vicinity of the subject site is developed with single-family and multi-family residential uses on the south (across an alley) and commercial uses including personal service (barber shop) and vehicle repair garage on the east side of the site. Commercial developments surround the subject site across Colorado Street to the north and across Langley Street to the west. The 1,000 square-foot massage establishment has been in operation at its current location since October 10, 2013. No reports have been received of any impacts from the existing massage establishment. Approval of the conditional use permit will not adversely impact nearby uses, nor impede the development of surrounding properties since these properties are already developed. No changes are proposed to the existing on-site building or site plan, including the parking lot; the commercial building is oriented towards Colorado Street, and no windows face the residential neighborhood directly to the south side of the site.

The use meets the intent of the Zoning Ordinance of providing a personal service in the commercial neighborhood and will be beneficial and desirable for the public and the community. There is one public school and a public park in close proximity to the massage establishment. Glendale High School (1440 East Broadway, Glendale, CA 91205) is located less than a tenth of a mile from the subject site on the south-east corner of Broadway and Verdugo Road. Carr Park (1615 East Colorado Street) is located 500 feet to the east along Colorado Street. However, none of the above-mentioned facilities share the strip center with the existing massage establishment and the continued operation of the massage establishment is not expected to be detrimental to the patrons of the school or park.

The use must comply with all of the provisions set forth in Chapter 5.64 of the Glendale Municipal Code (Massage Establishments); conditions will be added to the approval of the project to ensure that the massage establishment will continue to operate in a responsible manner. Neither the Glendale Police Department nor Neighborhood Services Division cited major concerns related to the proposed conditional use permit. Section 30.64.020 of the Glendale Municipal Code provides for continuing jurisdiction over the use so that any adverse effects will not be allowed.

**C. The use and facilities will not adversely affect or conflict with adjacent uses or impede the normal development of surrounding property.**

The existing massage establishment will not adversely affect or conflict with adjacent uses or impede the normal development of surrounding property. No expansion of the existing building

is proposed as part of the CUP application. There are various types of commercial uses in the surrounding area. Approval of the conditional use permit will not adversely impact nearby uses on this commercial street nor impede the development of surrounding properties since these properties are already developed. The massage establishment is not anticipated to draw significant traffic or create conflicts with the adjacent uses and no substantial evidence was submitted to indicate that the facility would adversely impact existing facilities. The existing massage establishment has been at the present location since 2013 and no evidence exists that indicates the use has been an issue.

**D. Adequate public and private facilities, such as utilities, parking spaces and traffic circulation measures are provided for the use.**

Adequate public and private facilities such as utilities, landscaping and traffic circulation measures are provided for the site and the use. The use has been in operation at its current location since 2013. A total of 13 parking spaces are provided in the surface parking lot on the subject property to service the subject use and other tenants. This application does not include any added floor area to the existing building or subject tenant space, so no increase in the parking requirement is being created. The existing utilities, landscaping, parking spaces, and traffic circulation measures are adequate as they are already in place.

**CONDITIONS OF APPROVAL**

**APPROVAL** of this Conditional Use Permit shall be subject to the following conditions:
