The Wilderness Act, signed into law in 1964, created the National Wilderness Preservation System and recognized wilderness as “an area where the earth and its community of life are untrammelled by man...”

Here’s your chance to perform a “Wilderness Act” of your own during our monthly Wilderness Workday as we remove invasive plants, water, weed, and mulch around our recently-planted trees.

We have tasks for all ages and abilities. This is a great event for families, individuals, groups, clubs, and students needing Community Service hours.
