DRB Decision	Return for Redesign with Conditions.					

**Recused.

Conditions

1. Reduce the size of the second floor addition and relocate it to be as far as possible from the first-floor wall planes in order to reduce the overall sense of mass and make the design more compatible with the neighborhood.
2. The applicant shall comply with all of the recommendations identified in the Urban Forestry Department Comments dated February 6, 2018.
3. The applicant shall provide a detail for the new wood gate for staff review and approval.
4. The existing unpermitted windows with internal grids (muntins) shall be legalized and replaced to comply with the City's Window Design Guidelines.
5. The drawings shall be revised to identify the location of the trash storage area, and the gutters and downspouts.

All resubmittals require a DRB application and fee payment. According to Section GMC 30.47.075, projects submitted after 180 days following the DRB's decision date are to be considered as new projects and must submit a new DRB application and all corresponding materials, including new mailing list and labels.
