**RE: 425 NORTH BRAND BOULEVARD
ADMINISTRATIVE USE PERMIT NO. PAUP 1808336
(Grillers Restaurant)**

Dear Mr. Aghazarian:

Pursuant to the provisions of the Glendale Municipal Code, Title 30, Chapter 30.49, the Community Development Department has processed your application for an Administrative Use Permit to allow the on-site sales, service and consumption of beer and wine (Type 41) at a new full-service restaurant, located at **425 North Brand Boulevard**, in the "DSP/GAT" – Downtown Specific Plan – Gateway District, described as Portion of Lot 17, Block 11, Campbell Tract, in the City of Glendale, County of Los Angeles.

CODE REQUIRES

(1) The on-site sales, service and consumption of beer and wine (Type 41) at a new full-service restaurant requires an Administrative Use Permit in the Downtown Specific Plan – Gateway District.

APPLICANT'S PROPOSAL

(1) To allow on-site sales, service and consumption of beer and wine (Type 41) at a new full-service restaurant.

ENVIRONMENTAL DETERMINATION

The project is exempt from CEQA review as Class 1 "Existing Facilities" exemption pursuant to State CEQA Guidelines Section 15301 (e), because the discretionary permit request is to allow the sales, service and consumption of beer and wine at a new restaurant.

After considering the evidence presented with respect to this application, the Director of Community Development has **APPROVED WITH CONDITIONS** your request based on the following findings:

REQUIRED/MANDATED FINDINGS

After thorough consideration of the statements contained in the application, the plans submitted therewith, the above analysis by Community Development Department staff, and any comments received from the public with respect to this application, this Administrative Use Permit application is approved based on the following:

A. That the proposed use will be consistent with the various elements and objectives of the general plan.

The proposed use, a full-service restaurant, will be consistent with the various elements and objectives of the General Plan. The subject site is located in the Downtown Specific Plan (DSP) – Gateway District. This District is located at the northern portion of the DSP and promotes corporate headquarters, new hotels, mixed-use and residential buildings, complementary/accessory service and retail businesses at the street level, as well as night-time entertainment uses. The sales and service of beer and wine is a common ancillary use in restaurants. The new full-service restaurant will be a complementary use to the adjacent businesses and consistent with the various elements and objectives of the General Plan and DSP/Gateway District given that the applicant requests the on-site sales, service and consumption of beer and wine in conjunction with meals.

The DSP identifies Brand Boulevard as a major arterial and as a Pedestrian Priority/Transit Priority Street. It is Glendale's "Main" street. Primary pedestrian streets give first priority to creating excellent conditions for pedestrians and are important on primary retail and transit corridors characterized with wide sidewalks and fine streetscapes. The Circulation Element identifies Brand Boulevard as a major arterial. It is fully developed and is capable of accommodating all modes of travel.

B. That the use and its associated structures and facilities will not be detrimental to the public health or safety, the general welfare, or the environment.

Grillers restaurant will be located in census tract 3018.01, where three on-sale establishments is the recommended limit. There are currently 12 on-sale establishments in this tract. The project site is located in downtown Glendale, where a concentration of restaurants is encouraged. Restaurants in this neighborhood frequently serve alcoholic beverages as part of their food service and such service is generally not associated with public drunkenness or other alcohol-related crimes. Based on Part 1 crime statistics for this census tract in 2017, there were 201 crimes, which is above the citywide average of 180. Neither the Glendale Police Department nor Neighborhood Services Division cited concerns related to this administrative use permit application. Recommended conditions of approval will mitigate potential impacts to the surrounding area.

C. That the use and facilities will not adversely affect or conflict with adjacent uses or impede the normal development of surrounding property.

It is not anticipated that the on-site sales, service and consumption of beer and wine at Grillers will be detrimental to the community or adversely conflict with the community's development. The proposed full-service restaurant is located at the ground floor of a commercial building, within downtown Glendale. The sale of beer and wine at the new restaurant does not require additional parking by Code and should not increase parking demand. Presently, there are two parking spaces on-site, there is on-street parking along Brand Boulevard, and there are two City-owned public parking lots, (Lots # 2 and # 6) located within a two-block radius of the subject property, all available to restaurant patrons. The on-site sales, service and consumption of beer and wine will be accessory to

the primary use of a full-service restaurant and this is not expected to increase demand for parking at this restaurant. This area of the city is developed with a concentration of major retail, entertainment and office uses. The on-site sales, service and consumption of beer and wine at the restaurant does not conflict with the adjacent and surrounding land uses and, in fact, is encouraged in this area.

D. That adequate public and private facilities such as utilities, landscaping, parking spaces and traffic circulation measures are or will be provided for the proposed use.

Adequate public and private facilities such as utilities, parking and landscaping exist. The closest public facility to the subject site project is Chess Park, located approximately 0.23 miles south of the project site. While there are churches and a public library in the neighborhood, the project, as proposed, will not impede the operation of such uses since the use is not adjacent. The closest churches are located a few blocks east of the subject site along Maryland Avenue and Wilson Avenue. Given the commercial nature of the area and the fact that the Administrative Use Permit is only for alcohol service at the proposed restaurant when food is served, the request should not adversely impact these public facilities.

REQUIRED ADDITIONAL FINDINGS OF FACT FOR AN AUP FOR ALCOHOL SALES, SERVICE AND CONSUMPTION

That all the criteria set forth in Section 30.49.030 (E) to be considered in making the findings in subsection A. through D. above have all been met and thoroughly considered:

- 1) That such use does not or will not tend to intensify or otherwise contribute to the adverse impacts on the surrounding area caused by over concentration as described above in finding B.
- 2) That such use does not or will not tend to encourage or intensify crime within the district as described above in finding B.
- 3) That such use does not or will not adversely impact any other uses within the surrounding area (church, public or private schools or college, day care facility, public park, library, hospital or residential use) as described above in finding C.
- 4) That the existing use satisfies its transportation or parking needs as described above in finding D.
- 5) That the existing use does or will serve a public convenience purpose because the operation of a full-service restaurant with on-site alcoholic beverage sales, service and consumption will be consistent the Downtown Specific Plan and General Plan as described above in finding A.
