# Key Performance Indicators

Several years ago, the City of Glendale engaged in a community based strategic planning endeavor as part of the City's long range planning efforts. As a result of the many community meetings and the City Council's participation in the process, the City subsequently adopted the following ten (10) City Council priorities.

COUNCIL PRIORITY	ABBREVIATION	COUNCIL PRIORITY	ABBREVIATION
Fiscal Responsibility	FR	Balanced, Quality Housing	ВQН
Exceptional Customer Service	ECS	Community Services & Facilities	CSF
Economic Vibrancy	EV	Infrastructure & Mobility	IM
Informed & Engaged Community	IEC	Arts & Culture	AC
Safe & Healthy Community	SHC	Sustainability	S

These Council priorities not only help to guide the development of the City's budget and departmental strategic goals, but also serve as a basis for gauging departmental key performance indicators which measure the programs and services provided by the City. Each performance indicator in the following section is identified to its relationship with one or more of the Council's priorities using the aforementioned abbreviations.

These indicators strive to measure both quantitative and qualitative data that is representative of the City's many operations. It is important to note however that when attempting to develop such indicators, it is extremely difficult, and in some cases nearly impossible, to determine success or failure by simply analyzing the quantitative results. Whereas the quantitative data may illustrate "outputs," actual "outcomes" are better gauged by understanding the contextual relationship between the two dimensions. As a result, the City's Key Performance Indicators primarily focus on providing "outputs" which serve as the basis for identifying a baseline and then working against that target. Fluctuations from quarter to quarter or year to year serve as the basis for asking relevant questions which will reveal actual outcomes.

These indicators are updated quarterly, with a final tabulation occurring after the close of each fiscal year on June 30. At the end of each quarter, departments update their respective spreadsheets, in preparation for the results to be presented to the City Council, in conjunction with the quarterly budget update. Additionally, these indicators are published each year in both the City's Annual Report and Annual City Budget document. By doing so, both residents and City officials can more accurately evaluate the City's progress in achieving the organizational priorities set by the City Council and our residents.

<sup>1)</sup> Programs include sports leagues; sports tournaments; drop-in programs (open-play); recreation room amenities such as ping pong, billiards, exercise; mobile recreation programs; senior mixers and holiday lunches; aquatics - recreation swim mommy-and-me, etc. Unlike contract/recreation classes these programs do not have instructors, they are programs not classes.

<sup>2)</sup> CoC defines "Exit" as graduated from the program, timed out of the program, left program voluntary, terminated due to non-compliance, and death.

<sup>3)</sup> Type of services received by the homeless population include case management services, including employment services, lifeskills, substance abuse, mental health therapy sessions, childcare services, transportation, bus-tokens, mail services, etc.

<sup>4)</sup> Clients who are enrolled for services receive a higher level of services called either "intensive" services or "training" services. Intensive services includes areas such as career counseling, assessment testing, individualized job placement assistance, case management, etc. Training services are vocational training provided by a vendor and subsidized by the VJC.

 $<sup>{\</sup>it 6) The data provided is employment data from 9 months previous to the current quarter.}$
