Sunday, September 15, 2019

Watch the short movie (33 min) "Stand for Justice" about a Hispanic high school boy whose best friend and family are shipped off to an Internment Camp. See how friendship can conquer prejudice and hate. Then, we will hear from local resident, Glenn Yamada, talk about his experience of being born in an internment camp. A 20 min. documentary was made of his experiences and we will watch this and then answer questions.
