

# ADOPTED BUDGET

## FY 2019-2020

# PUBLIC WORKS

# CITY OF GLENDALE

## PUBLIC WORKS

### **MISSION STATEMENT**

The mission of the Public Works Department is to provide the highest quality public works services to the public and other City departments, balanced through efforts to maintain a cost effective operation and to provide these services in a responsible and efficient manner. This mission is accomplished through the prudent use of resources, technology, innovations, teamwork, and coordination with other service providers in the City.

### **DEPARTMENT DESCRIPTION**

Public Works employs over 300 full-time and part-time hourly employees across eight Divisions: ***Administration, Parking, Engineering, Facilities Management, Transit, Fleet Services, Integrated Waste Management, and Maintenance Services.***

The ***Administration Division*** is responsible for the leadership and direction of all operations within the Public Works Department. In addition to the preparation and management of the overall Department Budget that covers nearly \$178 million in annual funding, staff is also responsible for legislative review, strategic planning, coordinating special projects, and human resources management. In addition to these duties, the Division strives to inform, educate, and engage the community in Public Works projects and programs through its social media platforms and extensive community outreach. It also serves as liaison to the Transportation and Parking Commission as well as other organizations and agencies.

The ***Parking Division*** is responsible for the management of the City's parking assets including four parking structures, twenty-two public parking lots and 2,276 metered spaces, as well as the administration of the residential preferential parking program. The Parking Division coordinates with the parking meter shop in the Maintenance Services Division and the parking enforcement staff at the Glendale Police Department to implement infrastructure projects and generate new methods to improve the City's Parking Program.

The ***Engineering Division*** includes the *Design, Engineering Inspection, Land Development & GIS Survey, and Traffic Engineering Sections.*

The *Design Section* is primarily responsible for the planning, design, and management of Capital Improvement Projects related to the City's infrastructure, such as streets, sidewalks, curbs and gutters, sewers, storm drains, corrugated metal pipes, street trees, bioswales, and alleys. Design section staff provides comprehensive survey, design, construction management, and construction inspection services.

**Engineering Inspection Division is responsible for CIP construction inspection, issuance of various types of permits in the Public Right-of-Way, including but not limited to, encroachment, excavation, oversize load vehicles, utilities, and sidewalk use.**

The *Land Development & GIS Survey Section* is responsible for the review and processing of various permits and maps including grading permits, parcel and tract maps, and encroachment permits. The Section retains official public records such as maps, property records, and street vacations while also maintaining and updating the City's Geographic Information Systems (GIS). Staff also oversees the City's Wastewater and Stormwater Programs, coordinating with the City of Los Angeles in the management and joint ownership of the Los Angeles/Glendale Water Reclamation Treatment Plant (LAGWRP).

The *Traffic Engineering Section* is responsible for the installation, modification, and operation of all traffic control devices, such as signage, striping, traffic signals, and pedestrian flashing beacons. Staff is also

## CITY OF GLENDALE

### PUBLIC WORKS

responsible for the investigation of traffic related requests, review and approval of development traffic impact studies, management of several programs such as the Neighborhood Traffic Calming Program, the School Area Traffic Safety Program, and the School Crossing Guard Program.

The **Facilities Management Division** is responsible for the building maintenance, security, and custodial services of 208 facilities including the City's seven libraries, nine fire stations, three police stations, City Hall Campus, four community centers, and Glendale Water and Power facilities. In addition to general repair, building services staff work to upkeep facilities HVAC, plumbing, painting, electrical, fire/life/safety systems, and locksmith services. The Division administers the City's energy management and access control systems, as well as security guard services. Custodial staff ensures proper carpet cleaning, restroom maintenance, and general cleaning services. Staff is also responsible for administration and management of Capital Improvement Program projects related to City-owned buildings and Parks design and construction, remodeling and renovations.

The **Transit Division** is responsible for the Beeline Fixed Route Transit System and Dial-A-Ride demand response transit program serving the cities of Glendale, La Canada Flintridge and Los Angeles County areas of La Crescenta and Montrose. Transit is also responsible for managing the Glendale Transportation Center and bus stop zones throughout the City.

The **Fleet Services Division** is responsible for the maintenance and repair of 970 pieces of in service equipment including the City's vehicles, portable generators, and riding mowers amongst others. The vehicles maintained in Fleet Services four garages come from various departments within the City, including Fire, Police, Information Services, Community Development, GTV6, Water and Power, Community Services and Parks, and Public Works. In addition to maintaining equipment and the automotive warehouse facilities associated with fleet repair, staff performs scheduled preventive maintenance for all vehicles and equipment to ensure the safety and longevity of these assets. Staff is also responsible for compliance with all fleet related Federal, State, County and local regulations, policies, and mandates.

The **Integrated Waste Management Division (IWM)** is responsible for the collection, transportation, disposal and diversion of solid waste materials in the City of Glendale in accordance with state regulations and in a manner that protects public health. IWM continues to be the exclusive service provider for the City's single-family residential sector. In addition, IWM oversees collection for approximately 85% of the City's multi-family units and some commercial properties. The remaining commercial properties are serviced by private permitted haulers who work with the City in a competitive market. In addition to its refuse, recycling, organics and yard trimming collection operations, IWM also oversees the City's street sweeping, recycling programs, and the Bulky and Abandoned Item Collection Program for the City.

The **Maintenance Services Division**, which includes the Street & Field Services and Wastewater Maintenance Sections, is responsible for the maintenance and upkeep of the City of Glendale's streets, sidewalks, alleys, trees, wastewater system, storm drain system, and parking systems.

The **Street & Field Services Section** maintains over 350 miles of streets, 43,723 trees, and an inventory of over 30,000 traffic signs. Staff oversees the maintenance of the City's landfill and debris basin, parking lots, tree trimming, the Indigenous Tree Program, sidewalk cleaning and maintenance, as well as the striping and painting of streets and curbs. In addition to these duties, the Section is also responsible for the maintenance and collection of parking meters within Glendale and Glendale Community College.

The **Wastewater Maintenance Section** is responsible for the maintenance and upkeep of the City's Sewer and Storm Drain Systems. These systems encompass 360 miles of sanitary sewer mains as well as approximately 1200 storm catch basins spread throughout the City. Wastewater staff clean and

# CITY OF GLENDALE

## PUBLIC WORKS

inspect sewer mains, storm drains, lift and pumping stations on a regular basis to ensure in compliance with state and federal discharge requirements. In addition, staff regularly conducts restaurant inspections to ensure compliance with the City's Fats, Oils, and Grease (FOG) ordinance.

### **RELATIONSHIP TO CITY COUNCIL PRIORITIES**

#### ***Exceptional Customer Service***

As an ongoing goal for FY 2018-19, Public Works is committed to providing the City's residents and businesses with exceptional customer service centered on the principles of timeliness, excellence, and customer satisfaction through the delivery of flawless and seamless services to every customer.

#### ***Safe & Healthy Community***

Public Works Department's efforts enable Glendale to be one of the safest cities in the region by ensuring that infrastructure such as streets, sidewalks, sewers, alleys, storm drains, traffic signal systems, and bridges are safe, well-engineered, and properly maintained. The City's street trees are cared for on a regular basis using only the highest professional standards, sewer main lines are inspected and cleaned on a routine cycle to prevent hazardous back-ups and overflows, and staff works continuously to abate sources of blight in the community. In Fiscal Year 2018-19, Public Works staff will continue working on emergency sewer and storm drain repair projects to certify their continued functionality. The Department will also continue to ensure City-owned buildings are stable and comply with current codes and standards.

#### ***Community Services & Facilities***

It is a goal of the Public Works Department to design, build and maintain buildings and other City facilities that are clean, accessible and meet the needs of Glendale's diverse community. In the coming years, Glendale will continue to upgrade City facilities to make them more accessible, attractive and functional for the Glendale public and building occupants. In Fiscal Year 2018-19, several interior improvements related to the Americans with Disabilities Act (ADA) will take place at City buildings. Specifically, public counters at the Perkins Building will be modified to provide improved accessibility and availability of services.

#### ***Infrastructure & Mobility***

The City of Glendale has a comprehensive Traffic Safety Program that includes traffic calming, pedestrian safety, public education, and safety enhancements around local schools. The City has strategically installed radar-speed display signs and rapid flashing warning beacons at uncontrolled crosswalks. Furthermore, with an average Pavement Condition Index (PCI) of 73.8, Glendale has one of the highest PCI ratings of a large city in California.

Local resident surveys have shown traffic and transportation issues continue to be a major concern for residents of the City of Glendale. As a result, the Public Works Department will continue to invest heavily in its transportation and mobility services and operations. Staff has aggressively sought out, and successfully attained, millions of dollars in grant funds which have been allocated to projects that improve traffic flow, such as upgraded signalized intersections, automated parking services, and traffic related infrastructure improvements. In addition, the Public Works Department provides input and participates in the City's strategic transportation and mobility planning efforts.

# CITY OF GLENDALE

## PUBLIC WORKS

### ***Sustainability***

The Public Works Department promotes environmentally sound initiatives such as an award winning Recycling Program, the use of alternative fuel vehicles, “green” building practices, and other regulatory compliance. In the coming year, the Public Works Department will be looking to continue to replace its current fleet of passenger vehicles with more sustainable solutions. The Department also continuously looks for innovative ways to reduce environmental impact during its construction projects. For instance, a Cold In-Place Recycling system has been used for pavement rehabilitation which is an environmentally-friendly pavement rehabilitation process performed without the use of heat. This process is performed with a single “train” of equipment, thus eliminating the need for hauling away and disposal of the old asphalt concrete or hauling in new base course. This faster process is more efficient, saves costs of labor and transportation, and is also safer for the environment by reducing air pollution.

The Department has a comprehensive urban forestry program to maintain its street trees and protect and preserve the City’s native oaks and sycamore trees, which includes regular assessment, proper and timely trimming, and annual reforestation. The Maintenance Division oversees the City’s Fats, Oils and Grease (FOG) program which includes regular inspections, provides public education and ensures that food service establishments throughout Glendale are in compliance with policies that safeguard our environment. The City continues to lead the way in sustainability through the efficient operation of City facilities. Annually, the Public Works Department replaces thousands of interior and exterior lamps with modern, efficient technology such as Light Emitting Diode (LED) and induction. These improvements lead to better light quality, less maintenance cost, less environmental impact, and substantial reductions in electrical costs.
