9:00 A.M. - Noon

Brand Library Courtyard

1601 West Mountain Street, Glendale, CA 91201

Come explore the hidden color in our landscape by learning about plants and their potential for dyeing. We will start with a short lecture on dyeing including how to forage responsibly and how to broaden your color palette using modifiers.

We'll then use simple tie-dye techniques to produce one-of-a-kind wearable art. Participants will come away with a patterned, finished textile and instructions on how to repeat the process at home.
