**RE: 829-831 EAST COLORADO STREET
ADMINISTRATIVE USE PERMIT CASE NO. PAUP 2106467
(Hookah Lounge)**

Dear Ms. Williams:

Pursuant to the provisions of the Glendale Municipal Code, Title 30, Chapter 30.49, the Community Development Department has processed your application for an Administrative Use Permit to allow continued on-site sales, service and consumption of alcoholic beverages (ABC License Type 47) at an existing full-service restaurant, located at **829-831 East Colorado Street**, in the "C3-I" – Commercial Service Zone, described as Lot 16, Block 4, Glendale Orange Grove Tract, in the City of Glendale, County of Los Angeles.

CODE REQUIRES

- 1) The sales, service and on-site consumption of alcoholic beverages requires an Administrative Use Permit in the C3-I Zone (Chapter 30.12.020, Table 30.12.-A).

APPLICANT'S PROPOSAL

- 1) To allow the continued sale of alcoholic beverages for on-site consumption at an existing full-service restaurant.

ENVIRONMENTAL DETERMINATION

The project is exempt from CEQA review as a Class 1 "Existing Facilities" exemption, pursuant to State CEQA Guidelines Section 15301, because the discretionary permit request is to allow for the on-site sales, service and consumption of alcoholic beverages at an existing full-service restaurant within an existing commercial space and there is no added floor area proposed.

After considering the evidence presented with respect to this application, the Director of Community Development has **APPROVED WITH CONDITIONS** your request based on the following findings:

REQUIRED/MANDATED FINDINGS

After thorough consideration of the statements contained in the application, the plans submitted therewith, the analysis by Community Development Department staff, and any comments received from the public with respect to this application, this Administrative Use Permit application is approved based on the following:

A. That the existing use will be consistent with the various elements and objectives of the general plan.

The subject site is located in the C3 (Commercial Service) Zone and the General Plan Land Use Element designation is Community Services. Goods and services that are offered in this zone generally attract clientele from the adjoining residential neighborhoods as well as the surrounding community. The continued on-site sales, service and consumption of alcoholic beverages within an existing full-service restaurant at this location is appropriate in an area of the city zoned for commercial uses and will continue to provide an option for the dining public to enjoy alcoholic beverages with their meals.

The continued on-site sales, service and consumption of alcoholic beverages at the existing full-service restaurant will be consistent with the elements and objectives of the General Plan. The land use designation of the site is Community Services where retail services along a major arterial, such as East Colorado Street, are desired. The project site is already fully developed and the existing full-service restaurant is surrounded by other complementary businesses, including retail and service uses. Residential uses about the subject property along South Cedar Street, which is zoned for multi-family development. The proposed conditions of approval will serve to mitigate any potential impacts on surrounding properties, including the adjacent residential uses. The site is existing and there are no additions or operational changes being proposed, therefore, other elements of the General Plan, including Open Space, Recreation, Housing, and Noise Elements, will not be impacted as a result of the applicant's request.

The Circulation Element identifies East Colorado Street as a major arterial. It is fully developed and can adequately handle the existing traffic circulation around the site. The project site is surrounded by commercially zoned properties, and residential uses to the north on South Cedar Street, and the applicant's request to continue to serve alcoholic beverages with meals is not anticipated to create any negative traffic-related impacts on East Colorado Street and surrounding uses over and above the existing conditions.

B. That the use and its associated structures and facilities will not be detrimental to the public health or safety, the general welfare, or the environment.

The continued on-site sales, service, and consumption of alcoholic beverages at the existing full-service restaurant will not be detrimental to the health, safety and public

welfare of the neighborhood in general. According to the Glendale Police Department, the subject property is located in Census Tract 3022.01 where the suggested limit for on-sale alcohol establishments is three. Currently, there are 30 on-sale establishments located in this tract and "Hookah Lounge" is one of the existing licenses in this census tract. Based on Part 1 crime statistics for this Census Tract, there were 191 crimes, 14% above the citywide average of 167. Within the last calendar year, there were nine calls for police service at this location, ranging from noise and loud music complaints, threat investigation, and suspicious group and male complaints. None of these resulted in a police report being filed. The Glendale Police Department did not cite any major concerns related to the continued on-site sales, service and consumption of alcoholic beverages at the existing full-service restaurant, and have submitted several suggested conditions which have been incorporated in the list of conditions of approval as part of this approval.

C. That the use and facilities will not adversely affect or conflict with adjacent uses or impede the normal development of surrounding property.

It is not anticipated that the continued on-site sales, service and consumption of alcoholic beverages at an existing full-service restaurant, "Hookah Lounge," will adversely conflict with adjacent uses or impede the normal development of surrounding properties, as conditioned. The full-service restaurant, "Hookah Lounge" has operated at this location since 2005, and has been serving alcohol for on-site consumption since 2008. The applicant's request to allow the continued on-site sales, service and consumption of alcoholic beverages with meals is not anticipated to adversely conflict with surrounding properties as it will be ancillary to the primary use, a full-service restaurant. The subject property is surrounded by other complementary businesses, including retail and service uses. As noted above, residential development does abut the subject property on South Cedar Street, as these properties are zoned for multi-family residential development. The proposed conditions of approval will serve to mitigate any potential impacts on the surrounding properties, including the adjacent residential uses.

There are no churches, public or private schools, children's day care facilities, public parks, libraries, or hospital within the immediate area of the subject property. The closest public facility is Elk Mini Park at 800 East Elk Avenue (0.2 miles south). While this facility is within close proximity to the subject site, it is located outside the immediate neighborhood, and no off-site sales of alcohol will be permitted.

D. That adequate public and private facilities such as utilities, landscaping, parking spaces and traffic circulation measures are or will be provided for the proposed use.

The applicant's request to allow the continued on-site sales, service, and consumption of alcoholic beverages at the full-service restaurant will not result in inadequate public or private facilities. The project site is already developed and associated facilities are existing. The existing full-service restaurant, "Hookah Lounge," has been operating at this location since 2005. This application does not include any added floor area or modifications to the existing building; therefore, there will be no increase in required parking for this use. The site has a parking lot to the north that is accessed from an

existing driveway on South Cedar Street and which has eight striped parking spaces, including one handicap stall. In accordance with GMC 30.32, the subject property is legal nonconforming in terms of on-site parking. The applicant's request to allow the continued on-site sales, service and consumption of alcoholic beverages with meals is not anticipated to create any negative traffic-related impacts on East Colorado Street or South Cedar Street over and above the existing conditions.

REQUIRED ADDITIONAL FINDINGS OF FACT FOR AN ADMINISTRATIVE USE PERMIT FOR ALCOHOL SALES, SERVICE AND CONSUMPTION

That all the criteria set forth in Section 30.49.030 (E) to be considered in making the findings in subsection A through D. above have all been met and thoroughly considered:

- 1) That though the proposed use is located in a census tract with more than the recommended maximum concentration of on-site uses, that such use does not or will not tend to intensify or otherwise contribute to the adverse impacts on the surrounding area caused by such over concentration.
- 2) That the proposed use is not located in a crime reporting district with a crime rate which exceeds 20 percent of the city average of Part I crimes. Based on Part 1 crime statistics for this Census Tract, there were 191 crimes, 14% above the citywide average of 167.
- 3) That the existing or proposed use does not or will not adversely impact any other uses within the surrounding area (church, public or private schools or college, day care facility, public park, library, hospital or residential use), as noted in Finding C above.
- 4) That adequate parking and loading facilities are provided for the existing or proposed use or other reasonable alternatives satisfy the transportation and parking needs of the existing use as described in Finding D above.
- 5) That notwithstanding consideration in subsections 1 through 4 above, the operation of a full-service restaurant with on-site sales, service and consumption of alcoholic beverages with meals does serve a public convenience for the area because it would provide alcoholic beverages in conjunction with food service at the restaurant for local residents, businesses, and the surrounding community. Conditions placed on the approval of the project will ensure that it will not adversely impact nearby businesses and residential uses.
