**RE: 2839 HONOLULU AVENUE
CONDITIONAL USE PERMIT NO. PCUP 2206271
(FOUR SEASONS MASSAGE)**

Dear Ms. Williams:

On October 19, 2022, the Planning Hearing Officer conducted and closed a public hearing, pursuant to the provisions of the Glendale Municipal Code, Title 30, Chapter 30.42, on your application for a conditional use permit to permit the continued operation of a massage establishment, in the "C1" – Neighborhood Commercial Zone, located at **2839 Honolulu Avenue**, described as Lots 12-17, Tract No. 6067, in the City of Glendale, County of Los Angeles.

APPLICANT'S PROPOSAL

Conditional Use Permit

(1) Continued operation of a massage establishment.

CODE REQUIRES

Conditional Use Permit

(1) Approval of a CUP for a massage establishment in the "C1" Neighborhood Commercial District (GMC 30.12.020, Table 30.12-A).

ENVIRONMENTAL DETERMINATION

The project is exempt from environmental review as a Class 1 "Existing Facility" pursuant to Section 15301 of the State CEQA Guidelines because the proposal does not include any addition to the existing building.

REQUIRED/MANDATED FINDINGS

After thorough consideration of the statements contained in the application, the plans submitted therewith, the report by the Community Development Department staff thereon, and the statements made at the public hearing with respect to this application, the Planning Hearing Officer has **GRANTED WITH CONDITIONS** your application based on the following:

A. The proposed use will be consistent with the various elements and objectives of the general plan.

The applicant is requesting approval of a CUP to permit the continued operation of a massage establishment use in the C1 – Neighborhood Commercial zone. The proposed use will be consistent with the various elements and objectives of the General Plan for the area. The Land Use Element of the Glendale General Plan designates the subject site as Community Services. Personal service land uses, such as a massage establishment, generally offer a complementary element to surrounding uses. Massage services is an allowed use in the C1 – Neighborhood Commercial zone, subject to the approval of a Conditional Use Permit. The subject site is in a commercial area along Honolulu Avenue, which is identified as an Urban Collector in the Circulation Element. A massage establishment is a suitable use along an Urban Collector. Operation of the massage establishment shall be required to comply with the City's Noise Ordinance (Chapter 8.36 Noise Control), and, as such, will be consistent with the General Plan Noise Element. No other elements of the General Plan, including the Circulation, Historic Preservation, Housing, Open Space and Conservation, Recreation, and Safety Elements, will be negatively impacted as a result of the proposed land use. Therefore, the proposed use is consistent with the various elements and objectives of the General Plan.

B. The use and its associated structures and facilities will not be detrimental to the public health or safety, the general welfare, or the environment.

The use and its associated structures and facilities will not be detrimental to the public health or safety, the general welfare, or the environment. The facility is located on the southeast corner of Honolulu Avenue and La Crescenta Avenue. The immediate vicinity of the subject site is developed with multi-family residential uses on the west, north, and south side and commercial uses including restaurant, personal service, office, and retail uses on the east side of the site. A preschool to the north-west of the site across Honolulu Avenue is not expected to be impacted. The 8,360 square-foot massage establishment has been in operation at its current location since 2015. Approval of the conditional use permit will not adversely impact nearby uses, nor impede the development of surrounding properties since these properties are already developed. No changes are proposed to the existing on-site building or site plan, including the parking lot; the commercial building is oriented towards Honolulu Avenue, and no windows face the residential neighborhood directly east and south of the site.

The use meets the intent of the Zoning Ordinance of providing a personal service in the commercial neighborhood and will be beneficial and desirable for the public and the community. There are no public facilities or hospitals in the neighborhood. In addition, there are no churches or colleges, or libraries in close proximity to the existing massage establishment. The use must comply with all of the provisions set forth in Chapter 5.64 of the Glendale Municipal Code (Massage Establishments); conditions will be added to the approval of the project to ensure that the massage establishment will continue to operate in a responsible manner. Neither the Glendale Police Department nor Neighborhood Services Division cited major concerns related to the proposed conditional use permit. Section 30.64.020 of the Glendale Municipal Code provides for continuing jurisdiction over the use so that any adverse effects will not be allowed.

C. The use and facilities will not adversely affect or conflict with adjacent uses or impede the normal development of surrounding property.

The use and facilities will not adversely affect or conflict with adjacent uses or impede the normal development of surrounding property. No changes are proposed to the existing on-site buildings as part of the CUP application. There are various types of commercial and residential uses in the surrounding area. Approval of the conditional use permit will not adversely impact nearby uses including residential uses on this commercial street nor impede the development of surrounding properties since these properties are already developed. The massage use is not anticipated to draw major traffic or create conflicts with the adjacent uses and no substantial evidence was submitted to indicate that the facility would adversely impact existing facilities. Additional conditions will help ensure that no illegal activities are conducted at the site.

D. Adequate public and private facilities, such as utilities, parking spaces and traffic circulation measures are provided for the use.

Adequate public and private facilities such as utilities, landscaping and traffic circulation measures are provided for the site and the use. The use has been in operation at its current location since 2015. A total of 28 parking spaces are provided in the surface parking lot on the subject property to service the subject use and other tenants. This application does not include any added floor area to the existing building or subject tenant space, so no increase in the parking requirement is being created. The existing utilities, landscaping, parking spaces, and traffic circulation measures are adequate as they are already in place.

APPROVAL OF THE CONDITIONAL USE PERMIT SHALL BE SUBJECT TO THE FOLLOWING CONDITIONS:

1.
