1541 ARD EEVIN AVENUE	Based on a neighborhood residential floor area (RFA) study, there are 9 properties within a 500' radius that exceed the allowable RFA. The overage ranges from 92 – 1,626 SF. On average, these 9 properties are 521 SF over the allowable RFA in this zone. Please see sheet G003 for a more in-depth breakdown. For our project, we are only proposing a 100-sf addition which would put us well below the average of the 9 other properties.	Variance	May 9, 2023	Sadie Gropen sgropen@glendaleca.gov
