City of Glendale Citywide Fee Schedule

Description and Process

The Finance Department is charged with the general maintenance of the Citywide Fee Schedule. However, City Departments have a role in fee schedule policies and maintenance. All Departments that levy fees are responsible for:

- Including all fees that are levied in the Citywide Fee Schedule;
- Keeping updated copies of the Schedule available and in clear display;
- Proposing fees that reflect the cost of services provided by the City; and
- Providing for the annual revision of fees or proposing changes in fees consistent with the intent of the Citywide Fee Schedule.

This includes reviewing requests to modify the document, periodic review of fees to assure that they are equitable and reflect the cost of services, and preparation of transmittals to the City Council for recommended changes to fees annually.

The fee schedule can be revised either during the annual budget process or outside of the budget process. During the budget process, departments submit proposed fee changes with their budget proposals. Fee revisions approved by the City Manager are presented to the City Council and included in the legislation adopting the budget. At other times of the year (outside of the budget process), departments may submit proposed revisions (by memorandum) to the City Manager for review. If approved by the City Manager, these requested fee changes are presented to the City Council in the form of a resolution/ordinance amendment prepared by the requesting department, accompanied by a staff report from the department. All fee changes, regardless of the time of the year, must be reviewed and approved by the department heads and the City Attorney's Office, and further authorized by the City Manager for presentation to the City Council.

For both processes, specific public notifications and procedures are mandated. A notice of a public hearing regarding the fees must be published. In addition, the Office of the City Clerk will mail information regarding proposed modifications to any interested party who has filed a written request with the City Clerk for such notice. The City Council then holds a public hearing regarding any proposed changes before adoption of revisions. All new and revised fee proposals are reviewed by the City Council and, if adopted, incorporated into this schedule.

Any questions or updates regarding the Citywide Fee Schedule may be directed to the Finance Department at (818) 548-2085.

The Citywide Fee Schedule is also available on the City's website at:

N/A The ambulance rates that the City of Glendale charges are determined by the latest version of the County of Los Angeles rate schedule.

There shall be service charges for each person who requests an emergency medical response or who medically requires and receives the benefit of emergency medical treatment or transportation in an ambulance dispatched by the city. Such service charges shall be, and not exceed the maximum permitted by the county of Los Angeles general public ambulance rates, as they now exist or as amended, plus all applicable related charges including, but not limited to, consumable supplies. In the event a person receives any emergency medical assessment but is not transported, there shall be a charge reflecting the cost to provide such assessment, but in no event shall the charge be less than one hundred dollars. All charges outlined in Ordinance 5265 and Ordinance 5247 shall be applicable regardless of whether the ambulance dispatched by the city is city-owned, owned by another public agency or commercially owned. Multiple patient service charges shall be prorated when applicable. Please refer to the ordinance for a more details on the service charges.
