141 N. Glendale Ave., Room 114A

Glendale, CA 91206

PROGRAM TERMS & CONDITIONS

1. Applicant must be a GWP customer with an active GWP residential account.
2. Application must be signed, dated, and contain ALL supporting documentation.
3. GWP is not responsible for items lost or destroyed in the mail or by email.
4. Applications must be submitted no later than six months from the date of purchase and are accepted on a first-come, first served basis.
5. Rebates are issued in the form of a bill credit which will appear in the GWP bill in 1 to 2 billing cycles after receiving a completed application and all required documentation. Customers who receive a rebate over \$600 will be issued a reimbursement check.
6. Rebates are limited to two (2) per residential account. If applicable, the applicant must have approval from the property manager, owner, or homeowners' association to install the charger.
7. Plug in chargers are eligible for incentives.
8. The rebate amount is for new equipment, installation, and/or permit fees only and cannot exceed the purchase price.
9. The rebate is for a Level II (240V) EV charger that utilizes the SAE J1772 charging plug or Tesla connector, and is UL or equivalent listed. Chargers with greater capacity will be considered on a case-by-case-basis.
10. Hardwired chargers and electric panel upgrades must have a final City of Glendale Building & Safety Division permit.
11. To qualify for the additional panel upgrade rebate, customers must upgrade their electrical panel to accommodate additional electrical load from their EV charger(s) only. Panel upgrades for solar panels or other devices will not qualify. Additionally, adding a new circuit to your existing electrical panel does not constitute a panel upgrade.
12. Installation of EV charging stations and electric panels must be completed by a licensed electrician. An invoice or receipt from a licensed electrician must be provided.
13. Chargers that are portable, resold, rebuilt, received from warranty insurance claims, or won as a prize are not eligible for rebates under this program.
14. The electric vehicle must be DOT-approved for highway application. Golf carts, neighborhood carts, electric scooters or bicycles, and other low-speed vehicles are not eligible.
15. If requested, I will provide a GWP representative reasonable access to my residence or business to verify the installation and location of the EV charger. I understand that a rebate will not be issued if I refuse a verification inspection.
16. This program may be modified or terminated without notice.
