**RE: ADMINISTRATIVE USE PERMIT CASE NO. PAUP-002334-2023
1100 South Central Avenue Suite D
("Hayrik Restaurant")**

Pursuant to the provisions of the Glendale Municipal Code, Title 30, Chapter 30.49, the Community Development Department has processed your application to allow on-site sales, service and consumption of a full line of alcoholic beverages (Alcohol Beverage Control license Type 47) at a 2,720 square-foot (SF) full-service restaurant ("Hayrik Restaurant") located at **1100 South Central Avenue Suite D**, in the Commercial Service (C3-I) Zone described as Tract 1092, Portion of Lots 1 and 2 in the City of Glendale.

CODE REQUIRES

- (1) The sale of alcoholic beverages requires an Administrative Use Permit in the "C3-I" (Commercial Services) Zone (GMC 30.12.020, Table 30.12-A).

APPLICANT's PROPOSAL

- (1) To allow the on-site sales, service and consumption of a full line of alcoholic beverages at a full-service restaurant

ENVIRONMENTAL DETERMINATION

The project to add alcohol sales to the restaurant use is exempt from CEQA review as a Class 1 "Existing Facilities" exemption, pursuant to State CEQA Guidelines Section 15301(e), because the discretionary permit request is to allow on-site sales, service and consumption of a full line of alcoholic beverages at a full-service restaurant.

REQUIRED/MANDATED FINDINGS

After considering the evidence presented with respect to this application, all of the required three findings can be made in support of the application. The Director of Community Development has **GRANTED WITH CONDITIONS** your application based on the following findings:

A. That the existing use will be consistent with the various elements and objectives of the general plan.

The proposed use will be consistent with the elements and objectives of the General Plan. The General Plan Land Use Element designation for the subject property is Community Services. The site is located at the south-east corner of West Chevy Chase Drive and South Central Avenue, in the C3 (Commercial Service) Zone. The C3 Zone is intended to offer a full range of goods and services to the community located along commercial thoroughfares within the city. The project site is surrounded by other complementary businesses, including retail and service uses. This location has featured a full-service restaurant since 2005, with beer and wine sales commencing in 2012. The expansion of alcohol sales from beer and wine to a full line of alcoholic beverages at this location is appropriate in this zone and will provide an option for the dining public to enjoy alcoholic beverages with their meals. Appropriate conditions of approval are placed on this AUP to ensure the project complies with the City's Fresh Air Ordinance, and that any potential negative impacts will be appropriately mitigated.

Other elements of the General Plan, including Open Space, Recreation, Housing, and Noise Elements, will not be impacted as a result of the applicant's request, as the development is existing, and the conditions of approval on the expanded use will mitigate any impacts.

B. That the use and its associated structures and facilities will not be detrimental to the public health or safety, the general welfare, or the environment.

The proposed use and its associated structures and facilities will not be detrimental to the public health or safety, the general welfare, or the environment, as conditioned. According to the Glendale Police Department, the subject property is located in Census Tract 3024.01 where the suggested limit for on-sale alcohol establishments is six. There is currently 11 on-sale licenses in this tract. This establishment will bring the total to 12. Based on Part 1 crime statistics for the Census Tract, in 2021 there were 506 crimes, 203% above the citywide average of 167. Within the last calendar year, there were seven calls for police service at the location; however, per the Police Department, the nature of the calls were not serious and are not associated with the restaurant use being a nuisance to the community. The Police Department has recommended standard conditions of approval on the proposed alcohol use to mitigate any potential negative impacts to the community, and those conditions are incorporated into this application approval.

C. That the use and facilities will not adversely affect or conflict with adjacent uses or impede the normal development of surrounding property.

The on-site sales, service and consumption of alcoholic beverages at a full-service restaurant is not anticipated to be detrimental to the community or adversely conflict with the community's normal development. The consumption of alcoholic beverages with food at the existing full-service restaurant will not conflict with the adjacent land uses and will be ancillary to the primary use. There are two churches within walking distance (1/4 mile) to the site, including Living Stone Presbyterian Church at 317 West Palmer Avenue, and Armenian Ecclesiastical at

206 West Cypress Street. A condition of approval ensures alcohol will only be sold with food service and prohibits the sale of alcohol for off-site consumption or any bar service. These conditions are anticipated to mitigate any potential impacts related to churches being in proximity. No parks or schools are located within walking distance.

D. That adequate public and private facilities such as utilities, landscaping, parking spaces and traffic circulation measures are or will be provided for the proposed use.

Adequate public and private facilities such as utilities, landscaping, parking spaces and traffic circulation measures are provided for the proposed use, which is an existing commercial building. An AB 2097 Parking Reduction Request was granted to allow the project to expand by combining Suite D and Suite E for a total of 2,720 SF full-service restaurant without providing five additional parking spaces.

REQUIRED ADDITIONAL FINDINGS OF FACT FOR AN AUP FOR ALCOHOL SALES, SERVICE AND CONSUMPTION:

That all the criteria set forth in Section 30.49.030 (E) to be considered in making the findings in subsection A through D. above have all been met and thoroughly considered:

1. That where an existing or proposed on-site use is located in a census tract with more than the recommended maximum concentration of on-site uses or where an existing or proposed off-site use is located in a Census Tract with more than the recommended maximum concentration of off-site uses, both as recommended by the California Department of Alcoholic Beverage Control (ABC), such use does not or will not tend to intensify or otherwise contribute to the adverse impacts on the surrounding area caused by such over concentration as described in Finding B above.
2. That where the existing or proposed use is located in a crime reporting district with a crime rate which exceeds 20 percent of the city average for Part I crimes, as reported by the Glendale Police Department, such use does not or will not tend to encourage or intensify crime within the district because conditions of approval have been included in the approval of this application to ensure that any potential negative impacts will be appropriately mitigated, as described in Finding B above.
3. That the existing or proposed use does not or will not adversely impact any other uses within the surrounding area (church, public or private schools or college, day care facility, public park, library, hospital or residential use), as noted in Finding C above.
4. That adequate parking and loading facilities are or will be provided for the existing or proposed use or other reasonable alternatives satisfy the transportation and parking needs of the existing or proposed use as described in Finding D above.
5. That notwithstanding consideration in subsections 1 through 4 above, the operation of a full-service restaurant with the sales, service and consumption of alcoholic beverages

does serve a public convenience for the area because it would provide beer and wine in conjunction with food service at the restaurant for local residents, businesses, and the surrounding community. Conditions placed on the approval of the project will ensure that it will not adversely impact nearby businesses and residential uses.
